

# Deaf Ministries International, Kenya

## REPORT FOR PERIOD JUNE AND JULY 2011

The month of June and July had been characterized by different activities that have brought glory to God.

It's upbeat that about 10 Pupils from Immanuel Christian School for the Deaf will be baptized in September so as 15 pupils from Mwikhomo School for the Deaf in Kakamega. The field work in Western Kenya was also a blessing as the churches are going on well.

### NEW BORN

Its pleasure that two of our DMI workers have been blessed with two lovely babies, Charles DMI secretary has a baby named Victory and Brown Safari of coast province named his son Moses.

### NEWLY WEDS

Victor and Anne Otieno  
wedded on 11/6/11

There was joy when our Youth leader Victor Otieno got wedded to his lovely girlfriend named Anastasia, a ceremony attended and blessed by Neville Muir. Paul Kalume a former student of Immanuel Bible Training Centre in Uganda also got wedded to his long time girlfriend from Tanzania, too a former student in Uganda.

Paul and Lightness  
Kalume wedded on

### NEW CHURCHES

Margaret Wangechi a graduate from Uganda also started a new church in Kagio Central province. Glory to God the church has started growing.

### DMI WORKSHOP

DMI workshop situated in Nairobi is also doing well despite the challenges faced with the rising economy.

Field work has also been made difficult by the rising cost of travelling ministry.

### MEDICAL PROJECT

A donation of drugs by an international children fund supported by Pastor Michael Grant was very successful as we were able to organize free medical camps for the whole communities in Kenya. The dugs donated free of charge are also distributed free of charge, only that we are contributing money to pay some medical doctors who attend to

the Deaf people. Our second camp targeting over five hundred Deaf people is being planned on 13<sup>th</sup> August 2011.

### **PASTORS AND EVANGELISTS WORKSHOP**

The above seemed very important but it has been made very difficult by decline in funding. Any well wishers and volunteers are free to support in this very vital activity.

### **CHALLENGES.**

Field work has also been made difficult by the rising cost of travelling. Its becoming very difficult to travel now and then for pastoral ministry due to increased cost of transport, we are reaching the children ministry at very minimal rate. The economy has shoot up as we can't afford the meals we need each day as essential commodities shoot very high as well as the raging famine across the country.

### **PRAYER NEEDS**

- ✚ Pray for the economic crisis we are going through
- ✚ Pray for God to provide enough resources for the activities we are doing.
- ✚ Pray for coming our newly saved and baptized Deaf saints in September
- ✚ Pray for the lost souls to be won for Gods kingdom
- ✚ Pray for our hardships and others in general.

In Christ  
Josephat Mulongo.  
DMI Country Director, Kenya

In North, Eastern and other areas of Kenya drought dry rivers and dams, bite famine!!

Youth from Immanuel church of the Deaf as three of nine training Bible study and they will outreach youth ministry. Need prays for them.
